Introduction to Supplier Offerings

The Supplier Offerings team provides optional paid subscription services to suppliers who are looking for enhanced marketing, feature or support functionality in the Supplier Portal. While the Supplier Portal remains a free tool for our suppliers, our Supplier Offerings team is dedicated to providing additional value through free and paid services.

The Supplier Offerings team communicates potential offerings with suppliers who use the Supplier Portal and who show interest in any of our offerings. Suppliers can opt-in or opt-out of these communications at any time. If you have any questions about our communications or would like to get in contact with our team, reach out to us at verified@coupa.com.

Find more information about our subscription offerings below and let us know if you have any other questions.

Verified

What is Verified?

Verified is a subscription-based marketing program designed to boost your business's visibility among Coupa customers. Once your business is Verified, you will appear at the top of search results, accompanied by a blue badge that highlights your verification status. This badge can also be used in your marketing materials, such as on your website and sales collateral to improve your credibility.

What are the benefits of Verified?

The Verified subscription empowers supplier businesses to enhance their trusted brand within the Coupa community and drive growth. Undergoing this verification process increases your businesses data quality confidence score and results in your business appearing higher in supplier searches. This priority ranking not only highlights Coupa's increased confidence in your business but also helps attract more clients and opportunities.

What type of supplier does the Verified subscription benefit?

Verified benefits every supplier within the Coupa Supplier Portal that is looking to sustain or grow their transaction volume. The blue checkmark of verification will give customers the piece of mind to transact with those suppliers that have a high data quality confidence.

Small to medium-sized businesses, in particular, have experienced significant advantages and gained enhanced visibility among Coupa customers.

What is the verification process?

After you've purchased Verified, our team will review your profile to make sure you have completed the required fields. Please ensure that you have these fields filled out:

- Logo (the smaller profile photo & not the large header photo or the primary contact photo)

- About
- PO Email
- Tax ID
- Commodities
- Products and Services Categories
- Areas Served
- Primary Contact
- Primary Address

Additionally, we will review the proof-of-identity (POI) that your business was prompted to submit after purchase. Acceptable forms of POI include a bank confirmation letter, voided check or business trade license.

Once a member of the Coupa team has validated your business profile, the Coupa Verified badge will be automatically added to your business profile and be visible within the Coupa Supplier Portal. Please note: **if you have not filled out the required fields, you will have paid for Verified but the blue check mark will not be visible on your profile.** You will see a banner telling you that you have not filled out the required fields if this is the case.

Advanced

What is Advanced?

Advanced is our first feature based subscription designed to help you generate more revenue, get paid faster and transact more efficiently in the Supplier Portal. The current Advanced subscription comes with five additional product features largely focused on the way you invoice with your customers.

What product features come with the Advanced subscription?

1. An integration with your company's Single Sign-On (SSO) in the Coupa Supplier Portal, allowing for simplified login and access management. To set this up, you'll need to be an account Admin.
2. An 'All' view in your invoices tab that allows you to view all of your invoices across customers in one streamlined view. You can apply different filters to this view, such as a filter that shows you all of your unpaid invoices across customers, and save for convenience.
 - a. Based on supplier feedback, we've also added an export ability to the 'All' view and any applied filters
3. Automated weekly reports that are sent to your email at the end of each week with invoices in the open or unpaid status
4. Personal reminders sent to your customers with past due invoices at the end of each week, reminding them to pay
5. A one-direction sync with your Quickbooks Online or Netsuite Online accounting solutions that send invoices from Coupa to your accounting solution. We're working on expanding the available integrations and establishing bi-directional syncs for data flow.

You can view more information on the features available in our Advanced subscription [here](#).

Are there any limitations on these features?

Weekly reports are currently limited to 10 customers at a time. Invoice reminders will only send on invoices with associated payment terms and invoice exports are currently limited to 10,000 invoices per file.

Additionally, this subscription is available in United States, Canada, the United Kingdom, Australia, Singapore, Germany, New Zealand, France, Mexico, Spain, Colombia, South Africa, Guatemala, El Salvador, Honduras, Nicaragua, Costa Rica, Panama, Ecuador, Peru, Chile, Bolivia, Paraguay, Uruguay, Argentina, Guyana, Suriname, Belgium, Portugal, Northern Ireland, Ireland, Switzerland, Italy, Norway, Sweden, Poland, the Czech Republic, Slovakia, Slovenia, Netherlands, and Hungary. We are working on making Advanced available in additional regions. Please reach out to our team at verified@coupa.com to see if your region has been approved.

If you try and purchase the Advanced subscription outside of these regions, you'll see a 'User not Allowed' error message. We apologize for the inconvenience.

What type of supplier does the Advanced subscription benefit?

While Advanced is available to any supplier, we believe that the Advanced subscription is most beneficial to our medium to large suppliers with more than 5 connected customers within Coupa. These medium to large suppliers will get the greatest benefit from the above mentioned features.

However, if you're a small business that believes you'd benefit from the features listed above, we encourage you to purchase the Advanced subscription.

What is the future of the Advanced subscription?

As mentioned in the beginning of this section, the goal with the Advanced subscription is to help you generate more revenue, get paid faster and transact more efficiently in the Supplier Portal.

We've received some great feedback from suppliers on what product features would be beneficial and fall within these categories. Some of the proposed enhancements include:

- Streamline the customer connection process making it easier for you to onboard with a new customer, storing some of your pre-filled data and creating common forms amongst customers
- Invoice Smash - automatically generate an electronic invoice record in the Supplier Portal from a PDF
- Better Reporting - create benchmark reports that focus on your businesses efficiency and effectiveness. Give you insights on how your transaction characteristics compare to peers in your industry, give you additional market and category insights, flag common issues with your businesses POs, tell you buyer behavior in your industry, etc.

We are committed to developing this subscription to best serve your needs. If you have suggestions on how the Advanced subscription could better support your business, please reach out to us at verified@coupa.com. We'd love to hear from you!

What is the price of the Advanced subscription?

Advanced is currently offered at \$4,800 USD annually.
